E. J. SCOTT, TREASURER.

REPORT OF SCHOOL BOARD.

Twenty-eight weeks of school have been taught in all districts except Water Village, Moultonville having thirty weeks on account of having only twenty-eight last year.

We think that the most of the teachers and pupils have done good work the past year. Once again we desire to impress the fact upon the minds of parents that every absence means more to the scholars than they realize. It not only makes a break in the class, but a lesson lost is a missing link in the chain of education.

All our school houses are in good repair except the Chickville house. New seats are needed there.

Our schools are well supplied with books, maps, charts, globes and cyclopaedias, except that the geographies are in a very bad condition some of them having been in use for more than ten years.

You will see by referring to the 1900 report that there were outstanding bills to the amount of one hundred and forty-four dollars (\$144). We thought it advisable to cut the schools off one week and pay these old bills that have been handed down from year to year for several years, and commence the new century out of debt.

CHARLES A. WIGGIN,

FRANK S. WEEKS,

E. W. HODSDON,

School Board.
